**Parks, Arts & Recreation Commission Staff
Report
March 11, 2026**

From: Juan Vargas, Recreation Superintendent
Prepared by: Juan Vargas, Recreation Superintendent
Agendized by: Christopher Fisher, Municipal Services Director

1. ACTION RECOMMENDED:

Donnelly Park Grant Opportunity Update

2. NARRATIVE:

California State Parks is offering the Statewide Park Development and Community Revitalization Program (SPP) Round 5 Grant, which provides grant funding to support parks in local communities. The program funds the creation of new parks, the expansion of existing parks, and the renovation of current park facilities. City staff are exploring the possibility of renovating Donnelly Park. Potential improvements under consideration include upgrades to existing amenities—such as playgrounds and restrooms—as well as the addition of new recreational opportunities. These may include features like pickleball courts, fitness areas, interior walking paths, and other park enhancements. Staff are currently awaiting final guidance from the State regarding the eligibility criteria and requirements for Round 5. Once that information becomes available, staff plan to pursue applicable grant opportunities to help enhance one of Turlock’s premier parks.

1. ACTION RECOMMENDED:

Motion: Accepting the Subcommittee Recommendation to Invite Community Events and Activities Grant Applicants for Presentations, Pending Legal Review of Conflict of Interest Forms

2. NARRATIVE:

The CEAG process begins with applicants submitting proposals for events and activities scheduled to take place between July 1, 2026, and June 30, 2027. The application period occurred during the month of February 2026. All submitted applications are forwarded to the Parks, Arts and Recreation (PARC) CEAG Subcommittee for an initial review. The subcommittee evaluates each application and, at the March 11 PARC Commission meeting, presents its recommendations regarding which applicants should be invited to give presentations at a future special PARC meeting. The Commission then votes on the subcommittee's recommendations. Applicants approved by the Commission will be invited by Recreation staff to continue in the CEAG process and participate in the presentation phase.

Description of Event

The Downtown Turlock Community Trick-or-Treat & Fall Festival is a free, family-friendly event held on Main Street in downtown Turlock. Children and families are invited to safely trick-or-treat at participating downtown businesses while enjoying live entertainment, student performances, interactive activities, and seasonal festivities.

How funds will be used

Grant funds will primarily be used to purchase candy for distribution through participating downtown businesses to ensure a consistent and high-quality experience for attendees. Funds will also support entertainment, sound equipment rental, event signage, promotional materials, seasonal decorations, activity supplies, and safety-related event operations. These investments enhance attendance, support participating businesses, and create a safe and engaging environment for families.

Description of Event

Warriors Explore Downtown is a strategic community engagement initiative designed to drive economic activity, increase visibility for local businesses, and strengthen the connection between the university and Downtown Turlock. The event intentionally introduces new and returning students to locally owned shops, restaurants, and services, transforming first-time visits into long-term patronage.

How funds will be used

The requested funds will be used to directly reimburse participating Downtown Turlock businesses for vouchers redeemed during Warriors Explore Downtown. Students currently receive \$10 vouchers to spend at participating businesses, ensuring that event participation translates into immediate, measurable economic impact for locally owned establishments.

Description of Event

A nostalgic fundraising event for the Carnegie Arts Center is planned for September 26, 2026; The Garden Party at the Greenery is returning after a 10-year hiatus. For more than 20 years the Turlock City Arts Commission and then the CAC Foundation held this event on the beautiful grounds of Turlock's downtown nursery and garden shop. With The Greenery's support, we are excited to be bringing this popular evening event back to the community. Past events attracted over 250 people— artists, art lovers, and arts supporters.

How funds will be used

Expenses for the event include permits, fees for performers, printing, postage, marketing, catering, security, and insurance. We will be seeking local business sponsors, but the more we can offset costs with donations, the more successful the event will be.

Please describe how your event/activity benefits the community

The Garden Party at the Greenery presents an opportunity for the CAC to engage with supporters in a casual, but unique, setting. We highlight the work of local artists with the exhibit and feature local musicians, local cuisine, local breweries, and local wineries. We anticipate that 25-35% of tickets will be sold to non-Turlock residents; bringing these audiences to downtown Turlock builds the community's image, creates a wholly positive impression, and encourages more participation from our regional neighbors to explore and

Description of Event

Día del Niño is a family-centered celebration focused on honoring children through donated toys, educational activities, cultural performances, local vendors, and community resource booths. The event will include entertainment, youth art activities, local food vendors, and small business participation.

How funds will be used

This event enhances quality of life by providing free, family-friendly programming that celebrates children and promotes community pride. By partnering with local businesses, performers, and vendors, the event drives foot traffic to the surrounding area and encourages families to shop and dine locally. The event also invites neighboring communities to attend, increasing visitation to Turlock and supporting our local economy.

Later Learning Summer STEM Camp

Funds Requested (Up to \$3,000)

3000

Description of Event

Our project is an eight-week summer STEM program designed for older adults (ages 55+), focusing on environmental and planetary health. Participants will explore topics such as climate science, biodiversity, and sustainable technologies through hands-on workshops, interactive labs, field trips, and citizen science initiatives.

The program emphasizes intergenerational learning, with college students serving as mentors and facilitators.

How funds will be used

The Later Learning STEM Camps will focus on 2 weekly activities over 8 weeks. Funds will be used to cover transportation costs for field trips, supplies for activities, and snacks for participants. Since the activities will be held during the summer, we want to ensure that our participants remain hydrated, and have access to snacks during active portions of the activities. Supplies include purchasing reusable water bottles for each participant, sun hats and binoculars for outdoor activities, as well as consumables like water, fruit, and granola bars to

Please describe how your event/activity benefits the community

This program addresses two urgent and interconnected challenges: the need for inclusive climate education and the growing social isolation among older adults. Climate change and biodiversity loss require broad public engagement, yet older adults are often excluded from STEM learning opportunities. At the same time, many seniors face loneliness and limited opportunities for cognitive engagement.

By empowering older adults with scientific knowledge and practical sustainability skills, the program promotes

This is a free event for local 55+ community members to learn about local conservation, climate, and biodiversity issues and solutions. This program is meant to reach a subset of our community that is often excluded from STEM education. We will use quantitative and qualitative assessments to evaluate the impact of the program, gauging the popularity and the feasibility to offer it again as a low cost paid activity.

Last year we tracked attendance by handing out some punch cards to attendees to visit vendors and collected them at the end of the event. We also analyzed the number of children and families at all three egg hunts. This year we will have six egg hunts divided by age group and will be using one entrance and exit to get more accurate numbers.

Please describe how your event/activity benefits the community

This is a fun low-cost event for the seniors in the community. The dinner around the holidays is special given that not all of our seniors in the community have family with which to spend the holidays. This gives them an opportunity to enjoy a nice meal with fellow seniors. It provides a fun and safe environment for seniors to gather and enjoy the evening.

Description of Event

The CUPS annual Christmas production is a one-day, multi-media theatrical performance incorporating a variety of genres and styles of dance, acting, and aerial arts. The performance showcases the amazing talent and determination of local community members. The event was designed to give a space for underserved children and their families a place to thrive in a heartfelt, and transformative community event that turns limited resources into artistic triumph.

**Parks, Arts & Recreation Commission Staff
Report
March 11, 2026**

From: Nichole Fiez, City Clerk
Prepared by: Christopher Fisher, Municipal Services Director
Agendized by: Christopher Fisher, Municipal Services Director

1. ACTION RECOMMENDED:

Provide direction on the date and start time for the Community Events and Activities Grant presentation special meeting.

2. NARRATIVE:

The Community Events and Activities Grant (CEAG) presentation special meeting is tentatively scheduled for April 15, 2026. However, another citizen committee meeting is scheduled in the Yosemite Room that evening. If April 15, 2026, is selected as the meeting date, the presentations would need to be held during the day and conclude before 6:00 p.m. An alternative option is to hold the meeting on April 22, 2026, when the Yosemite Room is available throughout the day and later that night.

Historically, the CEAG presentation meetings have been held beginning at 6:00 p.m. Last year, the Commission voted to hold the presentations earlier in the day at 4:30 p.m. due to the length of the meetings. Historically, these meetings have lasted up to four hours, and the Commission expressed concern about the late hour at which the presentations were concluding.

Staff is seeking direction from the Commission on the preferred start time for this year's presentation meeting.
